**Season Ending Dinner:** Arlington Lakes Golf Club, August 25

**Notes & Comments:** We want you back and need your help! Our weekly attendance last year was outstanding as golfing was one of the few "social events" allowed during the pandemic. Come on out and have some fun with your friends and make some new ones.

Once again we are encouraging your non-member buddies to join us on non-event weeks. We want to get them out on a Wednesday afternoon and experience golfing with us. Then, let's try to get them to join the next year. This will help us maintain our roster.

Consider buying a discounted multi-play pass and let's play some golf! Life is too short to spend any Wednesday afternoon during golf season working. When in doubt...come and golf.

Please get your registration with the appropriate fee(s) in by April 1 *to help us officers do what we need to do so we can play too.*

Mark Mlynski  
President
